Professional Summary

Results-driven Full Stack Developer with expertise in **Java, React, React Native, Node.js**, and **Spring Boot**, specializing in building scalable applications. Proven ability to optimize backend systems (**60% performance improvement**) and deploy cloud-based solutions on **AWS and DigitalOcean**.

Technical Skills

- **Languages:** Java, JavaScript, TypeScript
- **Frontend:** React, Angular, HTML5, CSS3, Tailwind CSS
- **Backend:** Node.js, Express.js, Spring Boot
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Cloud/DevOps:** Git, GitHub, AWS, DigitalOcean
- **Tools:** Postman, Swagger, RESTful APIs, Agile
- **Frameworks:** React Native, Elementor, WordPress

Professional Experience

Tech Executive

Exchange4Media | Noida, UP | Sep 2025 – Present

- Hands-on experience working with **web admin panels and CMS systems**, handling dynamic content updates and validations.
- Applied **technical SEO practices** aligned with frontend development principles such as semantic HTML and structured data

Full Stack Developer

Colibyt Technologies | Noida, UP | Sep 2024 – Aug 2025

- Developed scalable web apps using **React + Node.js**, reducing API response time by **30%**.
- Engineered **RESTful APIs with Spring Boot**, improving system performance by **60%**.
- Collaborated in **Agile sprints**, leading code reviews and sprint planning.

Java Full Stack Trainee

Q/J Spiders | Noida, UP | Jan 2024 – Aug 2024

- Trained in **Java, Spring Boot, React, and MySQL**, building full-stack apps end-to-end.
- Developed backend APIs and dynamic frontend components for real-world projects.

Projects

Bywinn | React, Node.js, Express, MySQL

- Built an **AI-driven mining platform** with real-time data visualization, improving user decision-making.
- Collaborated with cross-functional teams to ensure seamless integration.

Vidyanidhi | React, Node.js, Express, MySQL

- Designed a scholarship-based school allocation system with secure student login and dynamic dashboards.
- Enabled students to view school-specific scholarship details and perform role-based actions within the dashboard.
- Developed backend APIs and connected MySQL database to manage user data and school functionalities.

Kisaan Samrakshak Sewa Kendra (KSSK) | React, Node.js, MySQL

- Developed a **farmer-centric platform** with digital ID cards, streamlining access to agricultural services.
- Designed an intuitive UI, increasing adoption rates among non-tech-savvy users.

E-Book Management System | Java, Hibernate, MySQL

- Implemented **role-based authentication** and CRUD operations for secure book storage/retrieval.

Spring Boot CRUD App | Spring Boot, Swagger, Postman

- Automated database operations and documented APIs using **Swagger** for scalability.

Education

Bachelor of Technology (CSE)

IKGPTU | 2020–2024

- **Relevant Coursework:** DSA, DBMS, Cloud Computing, Machine Learning, Web Development

Certifications

- JavaScript Developer | Geekster (2024)
- Java & OOPs | Geekster (2024)
- Advanced DSA | Geekster (2024)

Soft Skills

Problem-Solving | Agile Methodology | Team Collaboration | Time Management
